

ENVIRONMENT, HEALTH AND SAFETY POLICY

PPG Asian Paints Private Ltd. will market, distribute and manufacture products in a responsible manner that protects employees, neighbors, customers and the environment.

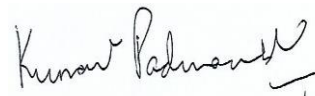

To meet this objective, Our EHS Process, our management system is integrated into each of our strategic business units.

Our policy incorporates the elements of Responsible Care and Coatings Care initiatives and emphasizes our commitment to continuous improvement and sustainability.

- We will provide a safe and healthful workplace and partner with our employees to improve their health and that of their families.
- We will design, build and operate our facilities in ways that prevent harm to public health and the environment, conserve energy, water and raw materials, integrate pollution prevention and make a positive contribution to the surrounding community and to society as a whole.
- We will assure that our products can be developed, produced, distributed used and disposed of in a safe and environmentally sound manner and advice customers on their safe use and handling, EHS concerns will be integrated into all of our business activities.
- We will train, equip and support all employees in the management of environmental, health and safety activities at our locations.
- We will engage our contractors, sub-contractors, transporters and other agencies entering the premises and assign them responsibilities to follow safe work practices and monitor their EHS performance.
- We will promptly alert persons to the known or reasonably foreseeable hazards of our raw materials, products, by – products and activities.
- We will report environment, health and safety performance annually, combine with parent Company PPG Industries Global EHS Report and make such reports available to the public.
- We will contribute to the development of responsible legislation and regulations concerning the environment, health and safety and we will participate in community activities related to EHS impacts from our facilities.
- We will comply with all applicable laws and regulations concerning environment, health, safety and distribution, including our own EHS management system standards.
